

NEGROES WANTED.

THIE highest cash price will at all times be given for NEGROES of both sexes, from street-walkers, up to good citizens. My office is in the ROCKAWAY STREET, between South and Bayard Streets, No. 86, where myself or my agents may be seen every day. I have seen many slaves. Any person so long as he sells would do well to sell me, and they do well to sell them, as I can now buy the best negroes who are on hand in the trade, and always ready to ship from the New Orleans market. I will also receive and keep Negroes at twenty-five cents each per day, and forward them to say South or port at the request of the owner. My establishment is large, comfortable, very neat, and all above ground, and kept in complete order, with a large yard for exercise, and is the strongest and most populous building of the kind in the United States.

LAST NOTICE.

VWITH due reverence to the feelings of every individual, I would once more remind the public of the necessity of closing all arrangements due me as late Sheriff and Collector forthwith—I have no time left for indulgence—it is not a mere matter of will with me, to compel payments in oppressive times like these, but it is a matter of sheer necessity and compulsion, over which I have no control; I do therefore hope and trust, that every one in arrears for officers fees, county charges, direct or income taxes, for 1840, 41 or 1842, will save me from the painful necessity of resorting to compulsory means by execution, which I shall unavoidably be compelled to do without respect to persons—the delay of every week is attended with loss to those indebted, to say nothing about interest which is daily accruing, the losses considerable upon the increase of State Certificates, a few weeks ago, State Certificates for 1842 could have been bought for 65 cents in the dollar, but they are now up to 85 cents, and will soon be not as high as certificates for 1841, which is 95 cent in the dollar.

THE LAWS OF NATURE.

It is an undoubted fact that nature has provided a specific remedy (in the Vegetable Kingdom) for every disease that flesh is heir to—and it is also a fact that these same remedies, if taken at a proper time and season, will eradicate disease and restore health, painless, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colic, fecal obstructions, heartburn, tettered tongue, nausea, distensions of the stomach and bowels, incipient diarrhoea, flatulence, habitual constipation, loss of appetite, blotted or sallow complexion, and in all cases of torpor of the bowels, where a cathartic is wanted in their operation, producing neither nausea, griping, nor debility.

Be careful to observe, that on the cover of each box (*in the tin*) is stamped "PETERS' VEGETABLE PILLS," and also, that two small fities or bands, raised in the tin, encircle each box, one immediately below the cover, and the other at the further end, where it forms a socket for the bottom, and holds it without solder, which is not the case with any boxes but those containing Peters' Pills, the principle on which they are made being the Proprietor's own invention, for which he has obtained a patent.

Extract of a letter from Dr. Gurney, of New Orleans.

La., Oct. 9, 1842.

"I have received much assistance in my practice especially in jaundice and yellow fever, from the use of Peters' Pills. I presume that, on an average, prescribe a hundred boxes a month."

Dr. J. G. Smith, of Woodstock, Va., says—"They are a better Pill than I can make." He recommends their use.

The Agent at Stanton, Va., says he supplies families for thirty miles around with Peters' Pills, and they perform such remarkable cures, that they are preferred to every other medicine.

Mrs. E. Ward, of New York, was troubled with dyspepsia and liver complaint for fifteen years. By using these Pills a short time she was completely cured.

Peters' Vegetable Extract Pills are made of twenty seven pure vegetable extracts, and those extracts are obtained by new scientific machinery, without boiling. The extractive matter is retained in its pure state, just as it is in the LIVING VEGETABLE. If it were obtained otherwise, it would not be safe, because experience has shown, that pills which are generally made after the old process, (from powder) whether vegetable or mineral, have *after effects*, often dangerous to their nature, always impairing their action on the system, and in many cases leaving the various organs in the body in a worse state than before their use.

These Pills, from their purity of composition, being MADE ENTIRELY OF EXTRACTS,

are strong, by purging from the system all serpentine, all humors, thereby purifying the blood and fluids; and by regulating and strengthening the digestive organs, give tone to the nervous system, and energy to the mind.

They do not leave those who take them constipated, as is too often the case with ASAFOETIDA and RARTEA remedies. The Vegetable Extract Pills may be used for any length of time, and when discontinued they will leave the system healthy and free from that dreadful malady, constipation of the bowels, as the testimony of hundreds prove.

THE CASES OF CURE.

performed by the Stanton Vegetable Extract Pills, have now become so numerous that the proprietors are obliged, instead of publishing at length the particulars, only to give an abstract of several testimonials.

A CARD.

THE subscriber respectfully informs his friends

and the public generally that he has removed to the house known as the MASONIC HOTEL—for many years occupied by the late Wm. Flint—and is now prepared to entertain travelers and others who may feel disposed to patronize him. His house is large and commodious, and pleasantly situated in the most business part of the town; his table shall be supplied with the best fare that can be procured. With a view to the real comfort of his patients, at a great sacrifice to his pecuniary interest, the subscriber has determined to conduct his business upon strictly Temperance principles, it being his object to combine the quiet of a private Boarding House with the more extensive accommodations of a Hotel, and by the most unrestrained assiduity to promote the comfort of his visitors, and establish a House which for its means of comfort and excellence of fare and attention of servants, shall not be exceeded by any other establishment on the Shore.

The Mail-stage from Somerset and Worcester arrives at his house twice a week, Tuesdays and Fridays, and leaves for that section every Wednesday and Saturday in each week.

CHICHESTER'S PAIN RELIEF PLASTER

FORTEES.

THE subscriber is constantly receiving super Rose wood and Almondine 6 and 7 octave PIANO FORTEES from the celebrated factory of Chichester, Boston, with twelve plates and twelve frames. These pianos have Chichester's late patent action, which is admitted by Piano Forte players to possess qualities long sought for by the best makers. A damper pedal has also been added, which has the effect of placing the keys upon one string without moving the key board, which produces a soft and delightful quality of tone. Having sold a great number of these instruments and never having received any complaint, the subscriber can confidently recommend them to purchasers. They stand remarkably well in time, a decided quality, especially where tuners are seldom to be had.

Also, German PIANO FORTEES of superior quality and made by Rossmann expressly for this market, originally for sale at the lowest prices.
